**13. Sociëteit Concordia (Clubhouse Concordia), Malang circa 1910**  
 This is a rare photograph of this clubhouse. It has been totally renovated circa 1925. Now a shopping plaza named Sarinah, horrible architecture, can be admired on this location. Location is south western corner of the alun alun near the catholic church, almost opposite the wonderful colonial coffee and tea house (as well as small restaurant) Toko Oen. The place to be in Malang, absolutely!!

**14. Swimming pool Wendit east from Singosari, outside Malang circa 1940**
